

Whole life insurance

Coverage for life. Extra value for every day.

With Unum Whole Life, you can provide extensive coverage for now and later. Not only does it offer a benefit after death, it also provides value employees can use as their life needs change.

WHAT IS IT?

Unlike Group Term Life Insurance, which usually ends at retirement, Whole Life insurance coverage can continue long after an employee's retirement.

Whole Life also earns cash value employees can use to meet their changing needs.

Lifecycle coverage:

Employees can keep Whole Life coverage their entire lives.

HOW DOES IT WORK?

With this coverage, employees can lock in low, level guaranteed premiums as long as they keep the coverage. And the benefit won't decrease with age, so employees know the money is there. So the sooner you offer the coverage, the better for your employees.

In addition, the policy accumulates cash value that employees can use to:

- Buy a reduced paid-up policy — with no more premiums
- Borrow against the cash value with no fees*

**PREMIUMS WON'T INCREASE.
BENEFITS WON'T DECREASE.**

Rates are determined by age.

WHY DO EMPLOYEES NEED IT?

Employees need affordable life coverage throughout their entire lives.

With Whole Life, employees and dependents can have a death benefit, plus additional living benefits:

- Cash value options — borrow against/buy paid-up policy
- Qualified Long Term Care Rider**
- Accidental Death Benefit Rider
- Early benefit for terminal illness***

EMPLOYEES NEED LIFETIME FINANCIAL PROTECTION

More than **40%** of U.S. consumers do not own any life insurance, and 1 in 5 who do say they don't have enough.¹

WHY OFFER YOUR EMPLOYEES UNUM WHOLE LIFE INSURANCE?

BECAUSE IT PROVIDES REAL ADVANTAGES EVERY DAY.

WHY WHOLE LIFE COVERAGE MAKES SENSE FOR YOUR EMPLOYEES:

Convenience

- Guaranteed issue means they can get coverage with no health questions or exams, and buy more coverage later to meet changing needs[†]
- Employees can purchase coverage at work at affordable rates
- Premiums are conveniently deducted from their paychecks

Reliability

- The death benefit remains level throughout the life of the policy
- Premiums are guaranteed^{††}
- The policy earns cash value that employees can borrow against with no fees^{*}
- Employees always know what their policy is worth

Flexibility

- At purchase time, employees can choose the paid-up at age 70 policy — so they have a fully paid-up policy with no premiums due at age 70
- At any time, policyholders can use their accumulated cash value to convert their policy to a reduced paid-up policy — in which no more premiums would need to be paid
- It offers more than a simple death benefit. This coverage also offers an Accidental Death Benefit Rider, a Qualified Long Term Care Rider, and a Living Benefit Option Rider — which provides an early full death benefit if diagnosed with a terminal illness^{***}

* Cash value may be reduced by any outstanding loans and/or payments under the Qualified Long Term Care and Living Benefit Riders.

** Not available in HI, NY and UT. In MA, the Long Term Care Rider is called Chronic Illness Accelerated Benefit.

*** Living Benefit Option Rider allows the policy owner to request up to 100% of the death benefit (subject to a maximum of \$150,000) if the covered individual is diagnosed with a medical condition that limits life expectancy to 12 months or less (24 months in IL, KS, MA and WA). Any payout reduces the death benefit. Exercising this rider does not constitute automatic Waiver of Premium.

† Benefits may be subject to a preexisting condition provision.

†† Rates can change on an entire class basis.
